Hey Chris-

First of all, I wanted to check in again to see if you had any news about the status of the Passaic River clean-up.

Secondly, as you know, we would like to be briefed on any announcement before it goes public so that the Congressman is fully informed when asked for comment. I wanted to also let you know that Congressman Sires office has also expressed interest in such a briefing, so please include them in any update as well.

Thanks!

Ian McTiernan

Hi Ian – I just picked up your vmail – unfortunately, there’s nothing new to report – I could rephrase what I sent you (below), but I would basically just be saying the same thing with other words – sorry there’s no update – certainly, I will let you know as soon as there is.

Thanks for checking in – we appreciate your support.

Hi Ian – I understand that Artie M called Lisa Plevin to discuss – basically, there's not much new I can add – the cleanup of the Passaic River is a top priority for EPA, it's an extremely complex Superfund site, and the agency is just not ready at this time to announce a proposed cleanup plan.

Wish I had something more substantive to relate – of course, we appreciate your support and we'll keep you apprised of developments.

Thanks.

Hi Ian – I'll have to get back you with something more definitive and official next week, when the timing for our announcement comes into focus.

In the meantime, I don't want to speculate.

Thanks.

I understand that there were some high-level briefings on Passaic today, but I did not hear the outcome.

I'll find out tomorrow and let you know what I can.

Thanks.

Hey Chris-

Any new insights on timing?

Thanks,
Ian

Hi Ian – as far as I know, EPA is still holding internal briefings and meetings.

I will get you further details on our timeline asap.

Certainly, we will brief you and the Congressman's staff prior to any announcement.

Thanks.
